

ELECT JOE WALTON FOR SUPERVISOR

A Message from Roy Harrison

Why I am voting for Joe Walton:

- ✓ Joe has an invaluable understanding of how government works in real life. He has regularly attended Board and Planning Commission meetings, graduated from the Powhatan Leadership Institute, the Citizen's Planning Academy and works with many civic groups. He has learned about and understands the issues facing Powhatan in the future.
- ✓ Joe Walton lives in a modest home in Norwood Creek and is self employed in Information Technology. He has no other land investments. He is neither a developer nor a large landholder.
- ✓ Joe will be able to represent us **all** the time. Russ Holland has failed to represent the district on 40% of the District 1 residential rezonings. Holland's private land deals with developers and his and his family's private land holdings are in conflict with his duty to represent District 1.
- ✓ Joe will be a responsive worker for the residents of the county. He will resume Town Meetings on a regular basis, which Holland has failed to do. He will return phone calls and treat all residents and businesses with courtesy and respect.
- ✓ Joe is a gentleman and a man of integrity. His sole motivation is to help Powhatan continue to be a great place to live.

I am not seeking the office of District 1 Supervisor because I believe in Joe Walton and his ability to excel as Supervisor.

We need Joe Walton in office to return honor and respect to the Powhatan County Board of Supervisors across the county and to our regional partners.

Roy Harrison - District 1 Supervisor 1993 - 2003
